Thank You for your Support in Sustainability Environment Asia (SEA) 2023!

We extend our sincerest gratitude for your active participation at **Sustainability Environment Asia (SEA)** held from **22 – 24 November 2023** at the **Kuala Lumpur Convention Centre**. This event united associations, key industry stakeholders, and government agencies from different Southeast Asian nations, providing the latest insights on environmental sustainability. It served as a networking platform, connecting exhibitors and enabling engagement among companies and stakeholders, aimed at mutual growth and advancing collective environmental goals.

Your valuable support significantly contributed to the success of the event. Your active engagement played a pivotal role in creating a productive environment, fostering connections, and driving industry growth and collaboration.

Join us once again in making a sustainable environment and future at the **2nd Edition of Sustainability Environment Asia (SEA)** scheduled on **12 – 14 November 2024** at the **Kuala Lumpur Convention Centre**.
