SEA 2024: Your Gateway to Business Opportunities

Sustainability Environment Asia (SEA) 2024 offered 3 days of business opportunities and knowledge-sharing. In addition to the conference, various free-to-attend forums and technical seminars focused on different areas of sustainability, offering valuable insights to delegates and visitors.

The Networking Night, held on the 13 November, gathered stakeholders, industry players, exhibitors, and delegates from India, Indonesia, Japan, Philippines, Singapore, South Korea, Taiwan, Thailand, and more. It provided a valuable chance to network, explore business opportunities, and build new connections. The evening began with welcoming remarks from Dr. Ir. Ts. Hj. Mohamad Asari Daud, President of The Malaysian Water Association (MWA), setting the tone for an engaging night.

Thank you to all who attended SEA 2024. We look forward to seeing you next year, **12 - 14 November 2025**, at the **Kuala Lumpur Convention Centre**.
