

Exhibit at SEA 2026

Where the Future of Sustainability Begins

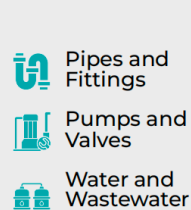

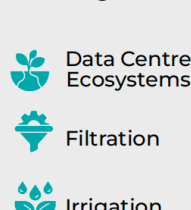

Be part of the region's premier platform for green innovation. Join us at the **Sustainability Environment Asia (SEA) 2026**, happening on **26 – 28 August 2026** at the **Malaysia International Trade and Exhibition Centre (MITEC)**, Kuala Lumpur.

If your company operates in Water and Wastewater Management, Energy Solutions, Environmental Innovations, Waste Management and Circular Economy, SEA 2026 is the perfect platform to be at.

Exhibiting at SEA 2026 places your solutions directly in front of regional industrial buyers, municipal developers and corporate procurement officers.

Sustainable Water and Wastewater Management

Discover innovative solutions in water sustainability, featuring next-generation filtration, recycling and sanitation systems, smart water management, community-driven initiatives, advanced monitoring technologies, nature-based approaches and water-efficient appliances.

Sustainable Energy Solutions

Showcasing next-generation Sustainable Energy Solutions in efficiency, storage, waste-to-energy and renewables including biomass, wind, hydropower and solar—driving a greener and more sustainable future.

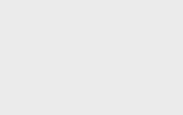

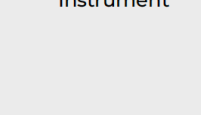

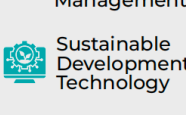

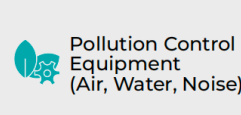

Sustainable Waste Management and Circular Economy

Experience the principles of 3Rs (Reduce, Reuse, Recycle), highlighting circular economy initiatives and breakthrough waste management innovations.

Sustainable Environmental Innovations

Leading the future of sustainability with cutting-edge environmental technologies and innovative solutions, this profile highlights key advancements in pollution control and sustainable development.

POCKET TALKS

2026 Taiwan - Malaysia Industrial Water Management Technology Exchange Event

The **Malaysian Water Association (MWA)** and the **Industrial Technology Research Institute (ITRI)** brings together industry leaders and innovators to share cutting-edge strategies for sustainable water management and technology. The knowledge and technology exchange happened from 3 - 6 June 2026 where site visits to key smart water companies and demonstration in Taiwan happened alongside with meetings and technology showcases. This exchange aims to strengthen the regional collaboration, partnerships and investments.

HEAR WHAT THEY SAY

YAB DATUK AMAR HAJI FADILLAH BIN HAJI YUSOF

Deputy Prime Minister and Minister of Energy Transition and Water Transformation (PETRA)

"As ASEAN accelerates its shift toward sustainable development, SEA serves as a strategic platform for businesses, investors and industry leaders to engage in high-value discussions and explore market-driven sustainability solutions."

MR. MOHAMAD HAI RI BIN BASRI

President
The Malaysian Water Association (MWA)

"SEA serves as a vital platform for the exchange of knowledge, the cultivation of partnerships and the promotion of initiatives aimed at fostering a sustainable water future for all. Let us persist in our collaborative efforts to translate these discussions into tangible actions and to construct a water-secure Malaysia for generations yet to come."

MS. VIVIEN SONG

Executive Director
Singapore Water Association (SWA)

"At the Singapore Water Association (SWA), we are committed to driving innovation within Singapore's water industry and strengthening our position as a global leader in water technology and solutions. Partnering with SEA provides an opportunity to showcase our members' expertise, foster industry connections and explore new market opportunities."

Don't miss the opportunity to put your green innovations on Southeast Asia's leading platform.
